Twenty-five Corpses Recovered at Ladysmith.

Rescuers in Sight of Saving More Victims

ASSOCIATED PRESS NIGHT REPORT
ADYSMITH (B. C.) Oct. 4.—V
Business came tonight twenty

Those engaged in the work

reached the bodies of John and Mike Gustav late this morning and are in sight of the survivors remaining in the mine. I stated that the bodies of these men had been recovered within a

ce long before dawn, a crowd
en with tense, drawn faces, he
children by the land, had b

ing the mine train from Ext
twelve miles away, and wh
train which daily carries h
of miners from their Lady
s arrived, it brought sixt
bundles on stretchers, cover

the caboose, the name being
er, a sobbing procession
hind and the body was carried
to a miner's home on the hill
bodies of J. Ismaster, Alex M
a, Robert White, Fred Ingham

Shaw, the foreman, worked energetically with his son and to rescue the men cut off by the camp, says the five men found this morning were huddled in a room.

ly as though they had been
coat-tails. As narrated by
who was with their party
an up a stall, evidently so see
way, but when death over
them they were less than on
d feet from where Hislop an

...told of having found a boy
a mule-driver, on his hand
...in a pool of mud, sobbing

Take me out! Take me out!
the boy when he saw Shaw's
lamp. "What will mother
do with me?"
He lifted him, tucked him under
his arm and ran up the steps.
Through the night the reaper

White, whose body was re-
day from No. 4 west level,
life for a friend. His body

with an arm around J. Is-
whom he had refused to
White had wavered as to
he would follow Colter, Gil-
ford and others who were
by Alexander and James
and David Davidson. He

remain with Ismaster, and him.

LANDSLIDE WRECKS.
ENGINEER IS KILLED.
DATED PRESS DAY REPORT.

OVER (Wash.) Oct. 6.—East-
messenger train No. 4 of the
Portland and Seattle Rail-
road left this city last even-
wrecked today between
Sandwich and Sandal, 125 miles east

running into a landslide. C. A. Bigsby of this city and Fireman R. F. Bear, though not fatally injured. Messenger Kopler received a deep wound, and Mail Clerk

the passengers was injured. The engine struck the ob-
ject, overturned, burying Bigs-
by. The baggage car and
two passenger cars were derailed. Bigsby
his family in this

INDIAN BRUTE MURDERS GIRL
Confesses to Strangling Her on Lonely Trail.
Her, a Stranger, on Way from School.
Closely Guarded to Prevent Lynching.
PAYS BITTER PENALTY.
Man Just After Being Convicted of Forgery Hears of Wife's Suicide.
DIES AT DESK.
BOOK-KEEPER SUICIDE.
CRIME BRIEFS.
OAKLAND, Oct. 6.—Albert Lee Nash, a ranch hand employed on the O'Rourke ranch, in the Livermore Valley, committed suicide last night by firing a load of buckshot into his brain. The whole top of the man's head was blown off by the force of the discharged shot. The body was discovered a few minutes after the tragedy. The reason for the deed is unknown. Nash was 22 years old, and unmarried.

YOUTH SHOT BY SHERIFF.
Louis Bagge Killed When He Refuses to Surrender to Officer.
PRESIDENT'S TRIP.
Merced, and at the latter place was escorted to the Courthouse, where he made a brief address to a big crowd. All business in the town was suspended while the President was there.
ANOTHER GOLF STICK.
At Merced the President was presented with another golf stick. It was made of eucalyptus wood, gold mounted. The presentation called out a golf speech in which the President suggested, because for the use of the irrigated land of the West—the turning of it into open golf links for the public. Mr. Taft said: "I am very much touched by your kindness in giving this to me, this memento of my visit. It has reference to the game of golf which I am very fond of. The game of golf is an old Scotch game, played in Scotland by everybody from boys to the old man, and from the poorest to the wealthiest. They have there what they call open links devoted to the public, and I sincerely hope that the same will spread in this country."

Broadway Department Store
BROADWAY COR. 4TH, LOS ANGELES. ARTHUR LETTS
HARVEST SALE CONTINUES
Exceptional Sale of Pretty Dress Skirts Today at \$5.00
The strength of this sale lies in the fact that there is an excellent choice of both the modified and pronounced Trotteur styles. Then there's another point worthy of consideration—the superior quality of the voiles and panamas. Between the new pleated models and those prettily trimmed with silk bands or jet buttons there is quite a diversity for choice. All are in black. We take pride in announcing this unsurpassed group of new fall dress skirts at \$5.00.

made in writing. The applicant must make an average of 80 per cent. before he can be given a certificate, which will qualify him for appointment as County Horticultural Commissioner. The names of those qualified will be sent to the Supervisors by the examiners, and the Supervisors will, under the law, appoint one of the number commissioner, at \$4 a day, and two of those qualified as deputies, at \$5 a day each.

CITY'S AREA IN HIGH RANK.
Los Angeles Holds Sixth Place in the United States and May Go Up.
Ranking sixth in area among the larger cities of the United States, Los Angeles may take fifth place if the west-side annexation election carries. In 1905 the city, in twenty-fourth place, was credited with 27,696.7 acres. If it annexes the west side territory on the 19th inst., its area will be 55,334 acres, or about ninety-one square miles.

VERNON PUTS BAN ON HOGS.
Wants no More Swill Pens in Its Fair Section.
Garbage-Fed Swine Are Not Welcome Near City.
Stench Is Too Much for the Residents to Bear.

There was a large gathering at last night's meeting. The subject of which was the adoption of the following resolution: "That it be the sense of this mass meeting that we consider the action of the Board of Public Works in recommending to the Council the elimination of the five-mile clause, and that we protest against garbage being fed to hogs within five miles of the city, and that we will not under any circumstances stand for the stench coming from the feeding of hogs, and that we demand of the Board of Public Works that it use all honorable means to have the garbage disposed of by incineration or by hauling it five miles from the city limits."

GRANT AFTER BONDS.
Echo of West Side Bank Failure Is Heard in Omaha, Where San Diego Man Seeks Securities.
An echo of the failure of the West Side Bank in Los Angeles two years ago was heard yesterday at Omaha, Neb., when Elmer S. Grant, Jr., of San Diego, sought through the courts of the Nebraska city to recover \$60,000 worth of Omaha Independent Telephone Company bonds. The First National Bank of Omaha had the bonds in its vault and is a co-defendant in the suit. The bonds were replevined in Omaha, and the present fight in the District Court there is on the merits of the replevin.

BEAUTIFUL RIBBONS
And Their Use

In millinery as a handsome band or crushed ribbon to brighten the hat or as a crown of brocade; in gowns as a shawl or panel or vest; in the long cape as a gilt collar or Persian and gold stole-like ends or shoulder accent. And the ribbons themselves are of so many styles, patterns, colorings and even fabrics that each use finds us ready with something exactly suitable.

And in Christmas gift fancy work? Our own cases show a hundred suggestions. Bags for the opera in dainty Dresden, bags for shopping and for fancy work, etc., etc., etc., in "Grandmother's shawl" dark Persian patterns, wonderful cut velvets (some as low as \$2.00 a yard), deep toned flower patterns with velvet edges or with broadened silk patterns; Oriental ribbons for Japanese effects; tailored bags with side panels of velvet; slipper bags and a thousand others for the boudoir of dainty ribbon with shower bows of narrow velvet.

Unique hair receivers and pin cushions of a dozen kinds, baby coat hangers, little hot water bag covers, traveler's hat racks, etc., hair ornaments in tiny flower and gilt effects or in bands of gold or Dresden patterned gilt.

Yes, surely, ribbons have returned. Come see our cases and talk with the clerks who make the pretty suggestions you will find others.

Hand Bags Re-Priced

Broken lines reduced to make room for coming stock, the most desirable and unusual lines, and in all colors, indeed, the lot includes every kind of leather in lines where we have but one or two bags left.

The Dorothy Dress

Our Children's and Misses' Department wishes to announce the arrival of these exquisite little dresses, hand-embroidered on imported linens and madras. The simple, childish styles are in the most perfect taste—graceful princess and fitted effects, made without buttons and buttonholes and with the most original designs for yokes and sleeves.

Ages from 4 to 14 years, at prices ranging from \$13 to \$30. Special orders taken.

Linings
Staple and Special

OUR SATYNE SPECIAL in 21 shades, high luster, permanent finish; some customers say it looks fully as good as a 25c quality; 36 in. wide, 17½ yd. a yard.

GROWGRAIN TAFFETA, a cotton goods so mercerized that it has a permanent and almost perfect luster; finished by Coulter exclusively in Los Angeles, and guaranteed. All colors; 36 in. wide, 80 yd.

VERONA SATIN, sold by us only, and guaranteed for two seasons; 36 in. wide, 51-53 yd.

PADUA SATIN, a guaranteed lining in a full line of grays, tans, blues and creams; 36 in. wide, 51-53 yd.

SKINNER'S SATIN, in the most complete showing on the Pacific Coast. To match every shade.

Ladies' and Children's Hose

CHILDREN'S HOSE, 25c quality, 30c; 3 for 80c; both black and tan, fine rib, medium weight, all sizes.

HOLEPROOF HOSE, for ladies and children, the original guaranteed hose. For ladies, 7 weights in boxes of 5, \$2.00 and \$3.00; for children, 5 pair for \$2.00.

Handsome and Exclusive Woolens

Mannish weights in the desirable cream gray backgrounds, a suiting considered one of the best in fashion centers, and very difficult to obtain. We were fortunate enough to get five pieces, broken stripes in blue and green, blue and gray, black and gray and green and tan, and a broken shock of tan, champagne and green on the cream gray ground. 58 inches wide, \$2.50 a yard.

GOLF RED SUITINGS—in plain, chevron and Van Dyke stripe weaves, for ladies' and children's cloaks. Also some of the striped suitings in gray, blue and navy, very pretty for children and quite the thing for the new long cape, \$1.25 to \$2.00 a yard.

CHEVRON AND VAN DYKE STRIPES IN GRAYS—For men's suits and ladies' coats; 18 and 19-oz. goods.

SCOTCH MIXTURES—Consigned direct to the Coulter Dry Goods Co. from the English mills. 80 inches wide, \$4.00 to \$6.50 a yard. Also a line of Scotch Tweeds.

In Our Black Goods Department

Never in the history of our store was this line more complete; everything which you may desire is here.

Van Dyke stripe effects, chevron weaves, a beautiful line of thin sheer materials, and a splendid showing of BLACK BROADCLOTHS, at prices ranging from \$1.25 to \$7.00 a yard.

Warm Dressing Sacques

Attractive, "cammy" looking sacques in blanket and eiderdown, in different trimmings, with or without collar, and in all sizes.

Blanket sacques in warm tans or pretty pastel-like harmonies—red with gray, lavender and white, red and blue, gray and light blue, black and lavender, light blue and white, etc. \$2.00 to \$3.50.

Eiderdown sacques in the good staple shades; \$1.25 to \$3.50.

For Evening and Afternoon Gowns

The most beautiful and exclusive line of FANCY SILK POPLINS, in broadest effects, stripes with dot or motif stripes, in 48 shades. Very new and handled by Coulter exclusively. 44 in. wide, \$2.50 yard.

PLAIN POPLINS, in many shades, \$2.00 yard.

Muslin Drawers at \$1.00
Values \$1.50 to \$2.25

The dainty white goods in our Underwear Department receive so much handling, that we occasionally have a sale such as this of garments which have lost their first pretty whiteness.

A particularly good muslin is found in these drawers, which are of cambril and French stripes cut, with varied and pretty trimmings in lace, embroidery, tucks and beading.

Coulter Dry Goods Co.

Why
should you have your laundry done by the 3 C Laundry?

Because
Our prices are 1-3 to 1-4 lower than those of other laundries, and our work is superior.

Because
Your collars and cuffs are always returned with smooth, velvety edges. Our patented process of ironing prevents rough edges.

Because
We darn your socks FREE, sew on buttons FREE, and put new neck bands on shirts FREE. Think what this mending means to you.

Because
Work left at our offices before 8 a.m. will be finished the same day if desired without extra charge. We have 12 uptown offices—why not leave your laundry at one of them today?

GOES FAR TO STUDY TREES.

Expert Australia-Bound on Eucalyptus Quest.

Will Seek Variety to Suit Aqueduct Land.

Frost-Resisting Kind to Be Looked for Also.

Robert S. Webb, an experienced botanist and one of the best authorities in this country on eucalyptus trees, leaves this morning for Australia. He goes for the purpose of making a special study of the best varieties of eucalyptus to be grown on the land belonging to the Los Angeles aqueduct, and also in the Angeles Forest Reserve and on the property of the Standard Eucalyptus Company, located in San Luis Obispo county.

Mr. Webb is a native of Australia, and spent several years in the botanical department of the government working under the direction of J. H. Maiden, director of the botanical gardens of Sydney, Australia. He also owned and operated a large eucalyptus nursery in Australia. For several years he has been in this country studying eucalyptus trees and their culture. He has made several trips to Australia to secure seed especially adapted to particular tracts in this country.

Chief Engineer Mulholland has instructed Mr. Webb to study various varieties of eucalyptus in Australia which are grown there under similar conditions as obtain on the land along the aqueduct, and to bring back with him a liberal supply of the seed. These will be planted and experiments made. If the trees do well the aqueduct commission will probably set out the entire land, about 70,000 acres, belonging to the city along the aqueduct, in trees of that kind.

At the time of the recent visit here of Clifford Pinchot, Chief United States Forester, he had a conference with Webb and instructed Supervisor Charles of the Angeles Reserve to engage Webb to make a study of the varieties of eucalyptus trees grown in Australia under conditions similar to those to be found in the reserve—that is, in high altitudes where there is much snow and frost.

USEFUL VARIETIES.

"The two principal varieties which I study," said Mr. Webb last night, "will be the eucalyptus microcarpa or tall wood, which is used extensively for flooring, and the eucalyptus resinosa or mallee, which is used largely for making furniture and for veneering. I will also bring back seed from the rosewood and blackbean eucalyptus. These woods are also used for furniture and building purposes."

"All these varieties grow nearly as fast as blue gum and red gum, which are the two principal varieties now grown in Southern California, but are much more valuable, commercially, and also get some seed from the eucalyptus regnans, or the Australian blue gum. There is one tree in Australia of this variety which is 482 feet high and measures thirty-three feet in diameter."

"I have talked the matter over with Mr. Mulholland regarding seed to be planted on the aqueduct land and have agreed to make a careful investigation to get the seed of trees grown in Australia under the same conditions as prevail on this land. There is one eucalyptus tree in Australia which is very similar to the high dry land eucalyptus. I will bring the seed back and make experiments with it and if successful the commission will probably plant the entire land in eucalyptus trees. The names of these trees are eucalyptus arborea and eucalyptus regnans."

"The seed which I will get for the forest reserves will be from trees grown in the southern part of Australia in the mountains where they have snow and frost."

"The eucalyptus trees are hardy and easily grown especially if the seed is procured from trees which are grown under the same conditions. The land which the Standard Eucalyptus Company has bought near Guadalupe, a station on the Southern Pacific Railroad in San Luis Obispo county, is admirably adapted for the growing of eucalyptus trees. These trees should be merchantable when 8 years old."

WILL BRING THOUSAND POUNDS.

Mr. Webb will bring back not only seed but also a large quantity of eucalyptus trees for the government and for the aqueduct commission. There are 12,000 eucalyptus seed to the pound. The trees of the standard company's land will be set out 810 feet or 600 to the acre. They figure that the 1000 pounds will be enough to set out the entire tract of 6000 acres, including the seed which will die. The seed will be planted in a nursery and the plants set out when 6 months old.

Some of the other large tracts now being set out in eucalyptus trees are in the Angeles Forest Reserve, Santa Fe Railroad, 8000 acres at Del Mar; Southern Pacific Railroad, 2000 acres; Bixby ranch near Orange, 2000 acres; Wright-Walton ranch, near Toro, Orange county, 4000 acres; Pacific Electric Railway Company, near Ontario, 2000 acres. In San Luis Obispo county, adjoining and near the Oso Pico ranch, which is the land bought by the Standard Eucalyptus Company, there are over 6000 acres which will be set out in eucalyptus trees within the next year, by various parties.

SAN BERNARDINO.

SAN BERNARDINO, Oct. 6.—Word was received here today from the Lila C. borax mine in Death Valley, that two trainmen, Frank Bohn and Joseph Gagan, were injured Monday by the explosion of an engine belonging to the Pacific Bxpr Company, the explosion also wrecking the company's mill. The two men were hurled into the air and fell back among the tangled debris. They were rescued from the burning mill and of scalding steam by comrades, at great risk.

Mr. C. B. Morris, wife of the missing attorney, this morning filed her application for a writ of habeas corpus against her husband, who is held in the custody of the Los Angeles sheriff. She declares that since a year ago her property has been protected by her husband, and that she and her children have resided there continuously.

UNDELIVERED TELEGRAMS.

Undelivered messages at Western Union Office, First and Spring streets: F. H. Brown, J. M. Bogan, Carrie L. Brown, Mrs. Bell Davidson, Mrs. H. Lash, C. B. Poland, Mrs. T. B. Wheaton, Miss Cordell Mackinnon, L. B. Hamilton, Wood ranch, Preserving Co., H. G. Webb, W. H. Dupe.

DEATH TAKES VETERAN.

Father of Newspaper Man Passes Away by Paralysis—Twenty Years in Southern California.

A. C. Hogaboom died at his home, No. 1412 West Ninth street, last evening, aged 75. The end came by paralysis, following an attack of indigestion. He was a veteran of the Civil War and for twenty years had been a resident of California.

He was the father of Winfield C. Hogaboom, for a good many years a newspaper man here and now an editor in the Los Angeles office of the Associated Press, and of Miss Birdine Hogaboom. The funeral will be at the chapel of Pierce Bros. & Co., No. 218 South Flower street, at 10 o'clock Friday morning. The interment will be in Evergreen cemetery.

GRAND COUP.

MOTOR CLIMB MILE IN AIR.

REDLANDS TO HOLD ITS AUTO MEET THANKSGIVING.

Riverside Date Has Not Yet Been Announced—Los Angeles Autoists Promise Large Entry List—Full Card of Events and Opportunities for All Comers.

Thanksgiving Day has been chosen for the mile-high automobile hill-climbing contest at Redlands. Though an auto hill climb has been held several years at Redlands on this date, Redlands seems to have pulled off a complete coup this year, as nothing has been done toward a climb at Riverside, and no announcement has been made. Plans of the Redlands people are well advanced.

At a meeting of the Mile High Hill Climb Association held in Redlands yesterday, the date was definitely decided upon, and plans started, as assurance had been received from several dealers in Los Angeles that a large entry list could be secured. The climb is one of the most popular events ever held in Southern California, and should draw a large number of Los Angeles autoists and spectators.

E. S. Graham, president of the association; Austin Park, treasurer; Leon T. Atwood, secretary, and a number of members attended yesterday's meeting, and each favored the November date, and each favored the November date, and each favored the November date.

The climb at Redlands is one of the best ever arranged. It takes the cars from the Casa Loma Hotel over a steady climb where high, low and intermediate gears must be used. It is a splendid test of an automobile and offers advantages superior to any hill climb ever held in Southern California.

RIVERSIDE CLIMB.

When the Riverside hill climb was held on the Box Springs grade, it attracted wide interest. The course was ideal. The Supervisors of Riverside county closed the grade to auto racers two years ago and the climb was held last year on a hill built for the purpose.

As a result, the new course was short, too short, and failed to bring out what is so much desired in a hill climb, a chance to test all speeds. The climb was not popular, and Riverside autoists have shown no desire to repeat the contest this year.

There will be a full card of events when the Redlands climb is held. It will be given for cars of all makes to show that they are capable of doing on a hill which gives a chance for a car to show its pulling ability.

Instead of racing through the main streets of Redlands this year, the competition has planned to start the cars from the Casa Loma and send them in another direction to Citrus avenue in order to reach Oak Knoll, the finish of the climb.

At the last climb Redlands gave itself over to the enjoyment of the spectators. The cars were given up, street cars were stopped, and the sidewalks as the cars raced over the pavement. This year Redlands will give the auto a warm welcome, but it is deemed advisable to race the machines over the highway leading away from the main street in order to avoid danger to pedestrians.

DIPLOMATIC.

MUST SUBMIT TREATIES SOON.

COLOMBIAN CONGRESS TO DEMAND ACTION.

Agreements Between United States, Panama and Colombia Virtually Certain to Be Rejected by Congress.

Agreements Between United States, Panama and Colombia Virtually Certain to Be Rejected by Congress.

[ASSOCIATED PRESS NIGHT REPORT.]

BOGOTA (Colombia) Oct. 6.—There is reason to believe that unless Washington indicates a willingness to reopen negotiations concerning the tripartite treaty, the Colombian Congress will compel the government to submit the treaties for consideration next week. Their rejection by Congress is virtually certain.

These treaties are between the United States, Panama and Colombia, and concern the settlement of questions arising from the separation in 1903 from Colombia of the territory which now forms the Republic of Panama, including the recognition of Panama by Colombia.

DIRTY KIDNEYS CAUSE BACKACHE.

A FEW DOSES OF PAPER'S DIURETIC MAKES OUT-OF-ORDER KIDNEYS ACT FINE.

This Harmless, Though Effective Preparation, Cleans and Regulates the Kidneys, Curing Lame Back or Any Bladder Misery—Man or Woman Here in Los Angeles Who Suffers From Any Urinary Trouble Can Afford to Leave This Remedy Untried.

A real surprise awaits every sufferer from kidney or bladder trouble who takes several doses of Paper's Diuretic. Misery in the back, sides or loins, sick headache, nervousness, rheumatism, pains, heart palpitations, dizziness, sleeplessness, inflamed or swollen eyelids, lack of energy and all symptoms of out-of-order kidneys simply because they are out of order.

Uncontrollable urination (especially at night), aching, offensive and discolored water and other bladder misery ends.

The moment you suspect kidney or urinary disorder or any rheumatism, begin taking this harmless medicine, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Paper's Diuretic, which any druggist can supply.

It is needless to feel miserable and worried, because this unusual preparation goes at once to the out-of-order kidneys and urinary system, distributing its cleansing, healing and strengthening influence directly upon the organs and glands affected, and completes the cure before you realize it.

Your physician, pharmacist, banker or any mercantile agency will tell you that Paper's Diuretic, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Paper's Diuretic, and a few days' treatment will make any one feel fine.

Accept only Paper's Diuretic—fifty-cent treatment—any drug store—anywhere in the world.

You Dress Better Than You Used To

OF COURSE you dress better--most growing men do--it's a sign of the times. We've grown along with you--the clothes we offer are better than ever before--better tailored. In better fabrics: better values. This great store has been growing here in Los Angeles for half a century, and is always abreast of the times.

Now then, about that new Suit or Overcoat. Now is the time, here is the place--the garments are ready for you. You don't have to go deeply into your purse to dress well. Reliable garments at moderate prices are here--clothes with true style, splendid tailoring--clothes that stamp the wearer as a well dressed man.

Suits and Overcoats \$15, \$18, \$20

Our assortments at these prices are remarkable in two ways--in quality--in variety. Yes, we have Suits at \$12.50 even, that are well styled and well made. If it's an Overcoat, \$15.00 will buy you a long, "button to the chin" garment, or more conservative styles, if you wish. These clothes at moderate prices come from reliable makers. They're right in every particular and sold, as all our merchandise is sold, under our responsible guarantee of satisfaction. Other garments here at \$25, \$30, up to \$45--including the celebrated Stein-Bloch Smart Clothes.

Los Angeles County Correspondence from Its Cities and Towns.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

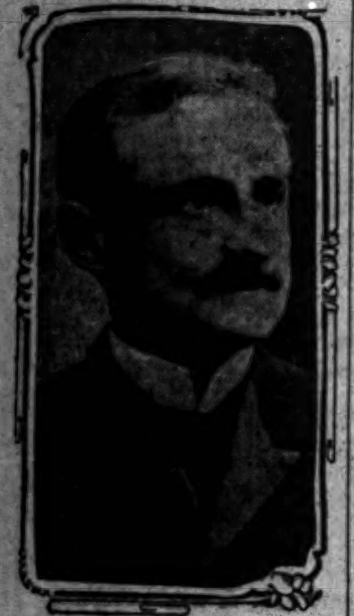

JOY FOR TAFT AFTER TWENTY-ONE YEARS SON DISCOVERS FATHER.

Cordial Efforts of Citizens Please Committee.

Terrible Charges Preferred Against Gardener.

Party of Four Near Death in Automobile Accident.

Office of The Times, No. 24 E. Raymond Ave., PASADENA, Oct. 11.—John Willis Buer, head of Occidental College, chairman of the committee having in charge the entertainment of the President during his visit here, yesterday issued a statement in which he says: "The committee of citizens ap-

Rev. Daniel F. Fox, pastor of Chicago Congregational Church, who has accepted a call to Pasadena.

pointed by the Board of Trade, to arrange for the welcome of President Taft, on the occasion of his short visit to Pasadena, has been greatly encouraged by the cordial cooperation of every one and confidently expect that Tuesday, October 15, will be a day long remembered in Pasadena's history.

"Less than two hours is given to Pasadena, but we can do much in that time as the whole city seems pleased to support the committee in its planning. The President has expressed a desire to see the Crown City and as the most of the short time given to Pasadena will be spent upon our streets. The committee greatly regrets that all sections of our city cannot be visited. However, a very good itinerary has been selected after most painstaking consideration.

"The committee asks the citizens along the route traveled by the President and his party, to decorate with bunting.

"Particular care is being taken in arranging the luncheon at the Maryland. Of necessity it will be a hurried one, but nevertheless will be satisfactory in every particular. It is at this luncheon that the citizens are expected to have an unusual opportunity to greet the President of the United States and other distinguished guests.

"The citizens of Pasadena have always to be ready to respond to the call that have, in the past, been made upon them, whenever Pasadena's reputation has been at stake. The committee has felt no hesitation in formulating its plans for decoration and feels confident that on this particular occasion the patriotism and public spirit of our citizenship will be sustained."

AUTO IS WRECKED.
A party of four, with J. C. Crosby of Riverside as the driver, crashed at a narrow margin when the large four-cylinder E.M.P. touring car in which the party were returning from Los Angeles last evening, was wrecked at the corner of Fremont avenue and Buena Vista street on the outskirts of this city.

The machine was coming along at a rapid pace when Crosby who was at the wheel, misjudged the distance to the corner and turning too soon crashed into the heavy curb.

The party, uninjured, immediately left the scene of the accident and that its members were badly shaken up is evident from a smashed hat and other evidence left at the scene of the accident. The hat contained the initials "T. O. M."

The wrecked machine was loaded onto a van and taken into Los Angeles.

PASADENA'S WORST CRIME.
The most atrocious crime ever committed in this city was uncovered yesterday when Martin C. Lee, a gardener, was arrested and thrown into the city jail, charged with criminal assault, his victims being three little girls ranging in age from 5 to 9 years.

According to the police, he made a confession. He is in the County Jail in lieu of \$500 bail required by Judge Klamm.

The offense is all the more horrible, for an examination by a physician has demonstrated that each child has been made the victim of a leucorrheal disease. Friday, Lee will have his preliminary examination.

POMONA, Oct. 6.—(Exclusive Dispatch.) A mild sensation was created here today because of a dispatch to The Times from St. Paul to the effect that Alton B. Hill of this city, who has resided here for a number of years and owns large acreage holdings, is none other than Louis E. Stensgaard, who, twenty-one years ago was a prominent broker in St. Paul, Minn., where his wife and seven sons and daughters now reside.

Hill, as he has been known here, admits that he is Stensgaard and left St. Paul a number of years ago, having, through unfortunate investment and ill-luck, lost several fortunes and

East the child was left in the care of the grandmother and nurse.

ELECTRIC LIGHT WAR.
General Agent M. Kennedy of the Southern California Edison Company is preparing data for submission to the Council this morning showing how the rate plan works in other cities and will also call attention to the fact that the ordinance as passed by the City Council does not permit rates on sales of service.

It was admitted they could be allowed because the consumption of current is actually known. Kennedy referred to arc lights used in stores, electric signs and similar appliances. He gave it as his opinion that in view of the uncompromising manner of the Council it would be useless to submit an alternative, although he stated that his company was willing to adopt any reasonable or approved method of rate giving.

Mayor Egan when asked stated that all he desired was to establish an equality of rates and to treat everybody fairly. He said he believed the ordinance passed by the Council was right in principle and any compromise or alternative the Edison people had to offer would have to conform to that principle.

MAY RETURN TO THEATRE.
Florence Oakley, former leading lady at the Belasco Theater, Los Angeles, will probably return to Los Angeles as the leading lady at either the Belasco Theater or at one of the Morosco theaters in Los Angeles. This much, Miss Oakley, who is now in Percy Pryor, admitted last evening when seen at the home of the groom's parents, Judge and Mrs. H. Fryer of Oak Lawn, Pasadena.

"I am here for a week or two," said Miss Oakley. "I have to return to Los Angeles. The arrangements are not completed but I think you can safely say that they will be completed. I love Los Angeles and want to continue my work here. I am to open the Liberty Theater in Oakland on the 15th in Sweet Kitty Bellairs. It may be that I will not get back to Los Angeles until spring, but I am coming."

RECEPTION PLANNED.
When the Japanese composing the Honorary Commercial Commission, with their wives and retinues of servants arrive November 30, they will be given a reception somewhat different from that attempted in this city. Instead of the regulation banquet with speeches the palatial homes of the rich will be opened to them and they will be the guests of wealthy Pasadenaans who will extend them a hospitality that will give them an insight into the domestic life of the community. It will afford them an opportunity to become acquainted with the customs of the country in some other manner than the hotels and public institutions offer.

JUNG WINS AT HANDBALL.
The finals in the handball tournament of the Y.M.C.A. were played last evening and resulted in a victory for Fred Jung, who defeated Warren Hollister in the singles 21-7, 21-5. In the consolation match between Chapin and Daggett, the latter won both sets by scores of 21-12, 21-11.

INVESTIGATE ARROYO BRIDGE.
Yesterday afternoon members of the Los Angeles Highway Commission accompanied by the Bridge Committee of the local Board of Trade, of which William F. Knight is chairman, inspected the proposed site for the concrete and steel bridge which is expected to be built across the Arroyo Seco at the west end of the Colorado street, and form part of the great highway between Los Angeles and Pasadena.

The two committees to have plans drawn for two bridges, the first a low one and the second a trestle, 100 feet higher than the present structure.

GOLDEN ANNIVERSARY.
Mr. and Mrs. W. G. Benedict are receiving the congratulations of their many friends on their golden wedding anniversary. Mr. Benedict said yesterday that he could remember every happy moment of that day fifty years ago when he drove Miss Cordelia A. Young fifteen miles from her farm home in Marshall county, Iowa, to the county seat where they were married by Judge Smith.

HEIR TO A FORTUNE.
Mrs. James E. Kelley, wife of James E. Kelley of a local grocery, has fallen heir to a fortune of \$75,000. She says that beyond making life a little easier, she doesn't see how it is going to change matters to any extent. The money was left her by her husband's death of a wealthy aunt, Mrs. Juliet Wallace of Brooklyn.

"The fortune" will be available in a short time as it was left in stocks and bonds. Mr. Kelley has no intention of resigning his position with the grocery firm where he is employed, nor will the family move from their cozy little home at No. 56 Stanford avenue. They have three children, two daughters and one boy, attending the Grant school.

PASADENA NEWS NOTES.
Rev. Matt S. Hughes of the First Methodist Church has had his salary raised to \$2500 a year.

Children of St. Andrew's parish are having mass said for three days in loving remembrance of the late Bishop Connelley. Upon the return of Bishop Connelley a month's mass will be celebrated. Father Farrelly, it is learned from letters received yesterday, died at the home of his mother in Ireland from blood poisoning.

The library trustees will meet today to decide on a site for the East Pasadena branch library.

become almost penniless. He came to California, made another start and acquired a competence through valuable acreage properties.

He resided at the old Palomares Hotel for years and is known here as the "Fruit King," having harvested 400 tons of peaches last year. He also owns orange groves. He has been known here as a man of good business judgment and well informed on the industrial, economic, and financial conditions of the country. His youngest son came to Southern California some twenty years ago.

The latter is arranging to have his wife and other children come here, now that he is able to amply provide for them.

George Swarthout of the Y.M.C.A. to institute the indoor baseball tournament. The game will be played on the grounds on Marengo avenue and Ramona street.

BUYS AUTO FIRE ENGINE.
Menorville Makes Purchase on the Installation Plan—Larger Water Mains—Two Realty Deals.

MONROVIA, Oct. 6.—The Trustees have accepted a bid of the Tourist Auto Manufacturing Company of Los Angeles for an auto fire engine. The machine will be a two-cylinder, 30-horse power, equipped with six-gallon chemical tanks, 200 feet of chemical hose and 200 feet of fire hose. The purchase price of \$5500 is payable at the rate of \$150 per month, or in larger installments if the city desires. There is no appropriation to pay outright for this much-needed equipment, and purchase on installment plan is the only solution of the difficulty.

The White Oak auxiliary pumping plant was installed by enough water to supply the same arrangement, which proved satisfactory.

BIGGER WATER MAINS.
At midsummer, when water consumption was at its peak, the two three-inch mains from the mountain system proved inadequate, and even under tremendous gravity pressure, they did not supply the city with the lateral. These mains will be replaced by eight, ten and twelve-inch mains. The city has purchased 750 feet of twelve-inch pressure pipe, 1000 feet of ten-inch, 200 feet of eight-inch and twenty-five fire hydrants. The cost is provided for by a bond issue voted last spring.

After a careful tryout by Superintendent F. M. Moore, of various types of machine designed for re-paving of streets, the City Council has appropriated for the purchase of the equipment recommended.

REALTY DEALS.
Frank J. Cornes has purchased a lot 2420 on Marine avenue from Messrs. Boyd and Bartels as the site for a business block at a stated price of \$3500. The property is located fifty feet wide and 120 feet deep on the West side of the street and adjoins the Behrmann building.

The Monrovia News Publishing company has purchased a lot 100 feet wide and 120 feet deep on the East side of the street and adjoins the Behrmann building.

BAPTISTS IN SESSION.
Three Hundred Delegates Attend Meeting at Hollywood—Encouraging Reports Read.

HOLLYWOOD, Oct. 6.—Three hundred and eighty delegates attended the forty-first annual meeting in the First Baptist Church this morning. Forty churches were represented. The reports show one of the most prosperous years in the history of the church.

The annual sermon by Rev. J. Q. A. Henry, D.D., was the special feature of the morning session. The address was on "The Church in the World." The address was made by the pastor, Rev. E. S. Walker, and was responded to by F. W. Blinn, moderator.

In the afternoon Rev. H. H. Branch, D.D., spoke on "The Church in the World." The address was made by the pastor, Rev. E. S. Walker, and was responded to by F. W. Blinn, moderator.

The evening was devoted to address on "The Church in the World." The address was made by the pastor, Rev. E. S. Walker, and was responded to by F. W. Blinn, moderator.

WOMAN'S CLUB.
The Woman's Club opened its season today with a largely attended business meeting in the clubrooms. A motion that the club be not officially identified with the flower show the coming year was carried. Amendments to the constitution and bylaws were read and will be voted on at the November meeting.

GLENDORA.
GLENDORA, Oct. 6.—The Glendora Woman's Club held its initial meeting for the fall season Tuesday afternoon. The president, Mrs. Foster Elliott, gave an address outlining the year's plans. Mrs. W. F. Nye led current events. Mrs. Clifford Wood played an exquisite Schubert-Liszt selection. Mrs. Croft, State Federation chairman, made a eloquent address.

A reception was given at the home of Mrs. Volcott La Feta, with Mrs. La Feta and Mrs. E. B. Kennard as hostesses, to the teachers of the Glendora grammar school and the City Union High School Friday.

THINK TRUSTEES ARE IN HIDING.

FATHERS OF BELMONT HEIGHTS CAN'T BE FOUND.

Are Believed to Be Seeking to Evade Service of Writ from Supreme Court Compelling Them to Call Consolidation Election. Upon Day Agreeable to Long Beach.

LONG BEACH, Oct. 6.—The Supreme Court yesterday decided in favor of the petition of Albert Zeagay, who asked for a writ of mandate to compel the Trustees of Belmont Heights to call a consolidation election on November 4. The answer to the alternative writ was denied and the Trustees ordered to forthwith call the election on the day fixed by the City Council of Long Beach. The writ was received here today by special delivery, and was given to Officer O'Rourke to serve on the Belmont Trustees and the City Clerk. Trustees Ringheim and Ray and City Clerk Mason were found easily enough, but Trustees Bassett, Vandeventer and Gourd are not at home. Some people believe they are in hiding to avoid service. The serving of the City Clerk, however, is deemed sufficient, and as Ray and Ringheim immediately notified him, it is called a special meeting for tomorrow night to pass the necessary ordinance. It is up to the clerk to get word to the other members of the board, as he knows where they can be reached.

Service was also secured on City Attorney Knight, as representative of the missing Trustees in the case before the Supreme Court.

FINDS TORPEDO.
Capt. Albert Shook, in the launch Tourist, yesterday picked up a torpedo last Wednesday by the Lawrence while practicing five miles off shore. It was secured off Sunset Beach, and shows marks of having been battered and rolled about on the bottom of the ocean. It is one of the new variety, about eighteen feet long, weighs 200 pounds, and is valued at \$4000. Capt. Craves sighted the torpedo but passed it by, thinking it a piece of piling, and therefore missed the \$25 reward offered for its recovery.

To protect the harbor channel inside the Salt Lake drawbridge, the Los Angeles harbor police today asserted has decided to drive sheet piling opposite the Craig property, affording permanent resistance against the washing action of the tides.

Alarmed at the constant pain in his left arm for the past ten days, Alvin Curtis today visited a physician who found that the elbow was dislocated.

COLD CRIME.
During a function at the residence of City Attorney Long on Pacific avenue last night, the electric lights went out. When the current was restored, the lights were found to be missing. The frezers were found this morning on a vacant lot, but they were empty. A dozen small boys in the neighborhood are under suspicion.

In honor of President Taft's visit to this vicinity, next Monday will be a holiday in the public schools. The day following, Columbus Day, will also be a holiday.

At meeting of the football squad this morning Wilcox Long was elected captain, easily defeating half a dozen candidates.

City Clerk Beighton this morning received word from the State Board of Equalization that the railroad valuations within the city limits are \$11,413, which brings the total valuation of taxable property in the city to \$17,481,195.

The Chamber of Commerce is planning to organize all the launches at this port Monday, decorate them with flags and streamers, load them with Long Beach people and attend the Taft function at San Pedro.

GAMBLER PAYS FINE.
Joseph Duffield, who was convicted in the Township Court of Justice of the Peace Rogers of gambling at the late Decatur saloon of T. O. Evans, was yesterday fined \$100. The sum was paid. The case against Evans was dismissed, as he gave at the Duffield trial testimony which might have been used against himself. A like charge against R. Keady is to be heard.

RAISE MINISTER'S SALARY.
REDDO BEACH, Oct. 6.—The official board of the First Methodist Episcopal Church last evening adopted a recommendation to raise the pastor's salary \$100, making it \$1200 a year. The minister, Dr. J. H. Evans, is going to leave for his home. A committee was appointed to arrange for additional room for the Sunday school.

Walton and Don Wolcott, of the Castaway football team of Los Angeles, entertained nine members of the Berkeley football team yesterday, and residence property is going to make fortunes for people who invest today.

San Pedro is a growing city, its prosperity is built on real business—its future is secure. Get in on the ground floor of San Pedro's prosperity by investing in the beautiful Rudecinda Tract—the "Willshire Section" of the Harbor City.

THE ONLY RESTRICTED TRACT IN SAN PEDRO
The Rudecinda Tract is a part of the famous Dodson Ranch, which has been held intact for generations. It is located at the foot of the gently sloping Palos Verdes hills, with a splendid view of the harbor and ocean. But a few minutes' walk from the center of San Pedro, with excellent service, this tract offers the choicest, finest sites for homes in the whole city. It is the only tract in San Pedro which is restricted—all homes must cost at least \$1500. A thousand trees are older than any other streets in San Pedro. Gas, electricity and water are already installed. Lots now offered are 40x120 feet to a 20-foot alley—\$7500 upward, on terms one-third cash, balance 15 months at 7 per cent.

Lots directly adjoining the Rudecinda Tract are now selling at \$1500 each. Other lots a block away sold two years ago at \$700, that are worth today \$2500 to \$3000. Call for maps, literature, prices, etc.

Fashionable Fur Hats At the "Marvel"

The prettiest and most original hats shown for this winter are of fur. In Paris, New York and other fashion centers, their popularity is unbounded. And it's a welcome vogue—for nothing looks more elegant and appropriate with a fall or winter costume than a rich fur hat—not overtrimmed, but exceedingly stylish looking.

The marvel is showing the very cleverest, exclusive new fur models—both trimmed and untrimmed in various furs—in black brown and white, at all prices from \$4.50 to \$50.

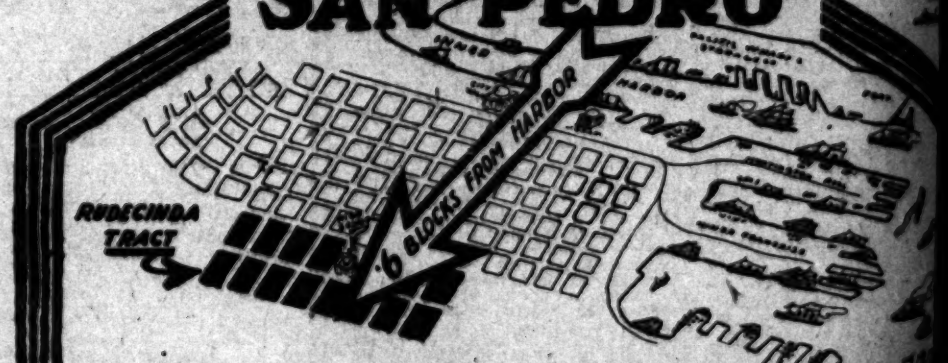

The "Cook" Fur Hat supply.

The two new models illustrated here—the "Peary" and the "Cook," are representative of our showing. And the new "Arctic" Motor hats of fur are very classy too. We invite you to come and see these beautiful new hats today—and make your selection now while choosing is best, for when the season is well on, the demand for these hats will, undoubtedly, be greater than the

Rudecinda Tract SAN PEDRO

Get in on the Ground Floor of San Pedro's Wonderful Prosperity

San Pedro is destined to become the greatest import and export point on the Pacific Coast. Ships from every land load and unload merchandise aggregating millions of tons per year. The recent consolidation election decided that ten million dollars for harbor improvements will be expended immediately by the municipal authorities. Private corporations are now completing the finest slips and dock facilities in the world. This magnificent expansion is going to bring into San Pedro thousands of people. They will want homes, good homes, and residence property is going to make fortunes for people who invest today.

San Pedro is a growing city, its prosperity is built on real business—its future is secure. Get in on the ground floor of San Pedro's prosperity by investing in the beautiful Rudecinda Tract—the "Willshire Section" of the Harbor City.

Newsy Happenings

SANTA ANA.
TO LICENSES FOR SPRAYERS.

THE GROWERS ALL APPROVE ACTION OF SUPERVISORS.

SANTA ANA, Oct. 6.—By unanimous vote and in presence of many citrus growers, the Board of Supervisors today denied the petition of county Horticultural Commission against the licensing of fumigators.

This action met the approval of the growers who declared against scale bugs should go to the county, as in the past, without commission's proposed ordinance would have made it necessary for an entering into the business of fumigating and spraying fruit trees.

It was a unanimous decision, and the growers who declared against scale bugs should go to the county, as in the past, without commission's proposed ordinance would have made it necessary for an entering into the business of fumigating and spraying fruit trees.

It is a young man, August E. Town, who is the defendant, her step-daughter, Mrs. Turner, who is the plaintiff. The case is being heard by Judge J. H. Brown.

Under the rules of the community, \$200 was given to the plaintiff. The case is being heard by Judge J. H. Brown.
